

HONESTY RULES —AT— ROSENBAUM BROS'

We want everybody to become thoroughly imbued with the idea that there is only one kind of merchandise obtainable here—and that one is the safe, sound, reliable kind.

And another thing: As plainly as quality characterizes the stock, so lowness is a marked feature of the prices.

There you have the two elements necessary to satisfaction joined inseparably at this well-known establishment.

Ready-made Sheets and Pillow Cases.

A bleached sheet 2 1/2 yards wide, 2 1/2 yards long, 2-inch hem, Androscoggin cotton 4c each.

A bleached sheet 80x90 inches, 2 1/2-inch hem, Lockwood cotton 5 1/2c each. A mammoth bleached sheet 90x90 inches, 3-inch hem, Pequot cotton 6 1/2c each.

A bleached pillow case 36x45 Androscoggin cotton, 1 1/2c each. We also have a better quality, same size size, 1 1/2c each.

Bedspreads.

A 10-4 white bedspread, worth \$1, we will close out for this week at 75c.

A handsome crocheted quilt, worth \$1.25, 98c this week's closing price.

A genuine Marseilles quilt, worth \$1.75, removal price \$1.25 each.

Holland Shades.

Six colors spring fixtures complete, 23c each.

Lace Curtains.

At 75c, 85c, \$1, \$1.25, \$1.50, \$1.75, \$2 and up. With every pair of lace curtains we give any color pole with fixtures complete; no extra charge.

Parasols, Parasols.

We are headquarters for Parasols—a beautiful white silk parasol with white stick and Paragon frame, only \$1.50; you cannot get as good one anywhere for less than \$2.

A lovely black or white silk parasol, with 5-inch ruffle around the bottom, only \$2; price there elsewhere and you'll be told \$2.50 to \$3.

We could enumerate the prices of parasols to \$8. We would respectfully ask you to call and look over the selection; that's the best proof.

Millinery, Millinery.

A great removal sale of all our trimmed and untrimmed hats. Beginning this week we will offer our entire stock of trimmed Hats and Bonnets at just one-half the regular selling price—what we mean by that is we will sell

\$12 hat for \$6. \$7 hat for \$3.50.
10 " " 5. 6 " " 3.
8 " " 4.50. 5 " " 2.50.
9 " " 4. And so on down.

Ladies who have put off getting their summer hats will do well by calling and inspecting our stock.

Rocking Chairs.

Work of the Courts.

Nothing of importance transpired in the courts yesterday. The Hustings Court is not in session, owing to the illness of Judge Woods. Judge Dupuy, of the circuit court, still has the motion for the appointment of a receiver for the Nicholas & Woodward property, which was argued by counsel Saturday, under consideration. A few minor offenses were tried in the police court yesterday morning, and Judge Williams' attention was occupied in the afternoon by the preliminary hearing of Madison Hyatt, colored, charged with having forged Capt. C. A. Colbourn's name to a letter. He was sent on to the grand jury.

A Little Lively Scrap.

For vim and enterprise, pluck and courage, tenacity and pertinacity nothing in the pugilistic line has occurred in this city for quite a while that surpasses an encounter between two very small newboys named Roy Landes and Lake Rosenberg, that occurred yesterday afternoon on Jefferson street in front of Robt. Hoperoff's news stand. The two little fellows began by calling each other names about a school affair, and from words they went to blows that fell thick and fast and after they became too exhausted to stand up they went at it again prostrate on the pavement. It was finally called a draw and each combatant shook the dust off himself, picked up his bundle of papers and walked off.

M. C. A. Meeting Last Night.

A meeting of the members of the Young Men's Christian Association was held at the association hall last night for the purpose of electing four directors, to serve for a period of three years. This being the last meeting under the care of Chas. R. Towson, general secretary, who has resigned his position to accept a similar one at Norfolk, a rising vote was taken in evidence of the regret felt by the members upon his departure. The support of the members was assured to Eugene Douglass, who has been elected as acting general secretary, and now enters actively upon his duties. Refreshments were served after the business session adjourned.

TURNING GRAY AND THREATENED WITH BALDNESS

The Danger is Averted by Using
AYER'S HAIR VIGOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Neb.

MUNICIPAL MATTERS CONSIDERED.

The Council Disposed of Much Business Last Night.

The regular monthly meeting of the City Council was held last night at 8 o'clock in the Council chamber. The following members were present: Messrs. Andrews, Boehm, Casey, Davies, Graves, High, Houston, Loughery, McClelland, McNamee, Mays, Moomaw, Ramsey, Stevenson, Terry and President Buckner.

The mayor submitted his monthly message, calling attention to the general good order and health of the city, and also reported that the electric lights were out for the month of May 220 hours, making \$4.40 to be deducted from the light account.

The principal portion of the mayor's message dwelt on the financial questions of the city. He recommended that all of the City Council committees hold meetings and report to Council before the next fiscal year ways and means to reduce the city expenditures. He was of opinion that if there were too many city officials, that Council should abolish some of them, and cut down all other expenses to the lowest possible amount. He reported that during the past month \$17,793.97 had been collected on city licenses.

The city engineer submitted his report showing amount of work done on streets, sewers, public property and in other departments. Reports were also submitted by the city sergeant and keeper of the almshouse, which were read and filed.

Mr. Terry, from the committee on accounts, reported \$5,844.94 accounts against the city for the month of May. The committee on accounts also reported that they had received five bids for filling pauper prescriptions and that the Christian-Barbee Drug Company was the lowest bidder. The contract was accordingly awarded to that company, the average price being 31 1/2 cents for prescriptions, with 60 per cent. off the classified exceptions.

Mr. McClelland, from the committee on finance, presented a financial statement from the city treasurer, showing collections on taxes and sundries, \$124,640.92; May licenses, \$17,893.97; taxes unpaid, \$69,960.23; warrants paid, \$130,477.99; premiums paid, \$3,500; cash on hand, \$8,556.90.

The committee also presented an ordinance reducing the tax on the Western Union Telegraph Company from \$300 to \$100, providing said company paid the back tax now due. The ordinance was sent to the calendar, but subsequently taken up and passed.

Mr. Moomaw, from the committee on streets, reported, approving the plan of the Mountain View Land Company for the extension of Marshall avenue, recommended the construction of a temporary fence along Dale avenue to protect the gutters; the replacing of a board walk in front of the property of Mrs. Mary Malone on Nelson street, and also recommended that the city engineer be instructed to clean the paved streets by the city teams and forces, instead of letting the same to contract, all of which were adopted except the recommendation as to the sidewalks on Nelson street, which was laid over.

Mr. Stevenson, from the committee on public property, submitted a report on the petition to remove the 20g pound, which the committee stated had been referred to the city engineer for recommendation; they also reported the notes given by stall-renter for security of payment of market stall rent, which were approved; also recommended the purchase of thirteen badges, twelve clubs and thirteen wreaths for police force, to cost not exceeding \$37.00, which last recommendation was referred to the new Council.

Mr. Stevenson, from the committee on fire and water, reported that the committee had taken steps to have the old frame buildings on Commerce street torn down or put in safe condition, the matter having been reported to the mayor, who now had the matter in hand with the property owners. The committee also recommended that water be placed in the Alert Fire Company's buildings, which was adopted.

Mr. Graves, from the committee on ordinances, reported adversely to repealing the law imposing a license tax on barbers; he also reported that at this time it was inexpedient to further consider the question of having a paid fire department, as the present volunteer system is very efficient and a paid department could hardly improve the situation.

The committee also presented an ordinance fixing the curage rate at the markets as follows: Two-horse wagons, 25 cents; one-horse wagons, 15 cents; two-horse wagons containing not exceeding \$5 worth of produce 15 cents, and one-horse wagons containing not exceeding \$2.50 worth of produce, 10 cents, which was adopted.

The ordinance committee also presented an ordinance to prevent wholesale dealing at the city markets during markets or at other places in the city, which was laid over and the clerk ordered to furnish each member with a copy of the ordinance.

The ordinance committee also presented an ordinance imposing a penalty for leasing or renting of property for houses of ill fame, the provisions applying both to owner or agent, which was adopted.

Mr. Boehm, from the committee on lights, reported the inability of the city to locate one or more lights petitioned for recently, and urged that as the contract with the Electric Light and Power Company would expire in April next, that the Council should take steps at an early date looking to the city owning its own plant. The committee also presented a statement showing a reduction of about 50 per cent. in the cost of lighting certain public buildings over the corresponding month of last year. The report was adopted.

The health committee reported a case of smallpox in the city, and, upon request, Mayor Jones addressed the Council, stating what he had done to isolate the case. On motion of Mr. Buckner, the mayor's action was approved.

After disposing of several petitions, the Council adjourned to meet on Friday night, June 28.
